AESTHETIC TREATMENT MENU

FACIAL TREATMENTS

Lamelle Treatments

CHEMICAL PEELS

Lactifirm 30/10 **45min** **R580**
This lactic acid-based peel formulated for the treatment of Ageing and Aged skin, skin that requires added hydration, plumping and glow. It is a fairly mild peel and gently removes old skin cells on the skin surface to induce new cellular regeneration. It is also combined with the plumping agent DMEA to help improve the skin's condition almost immediately.

Age Prevention **45min** **R590**
This a leave-on, superficial chemical peel that is indicated for the treatment of age prevention. It also has skin brightening benefits as pigment producing cells are protected from free radical activity that would cause pigmentation. It increases your skin's ability to protect itself from the sun by aiding your SPF to be more effective and assists in decreasing inflammation and improving skin healing.

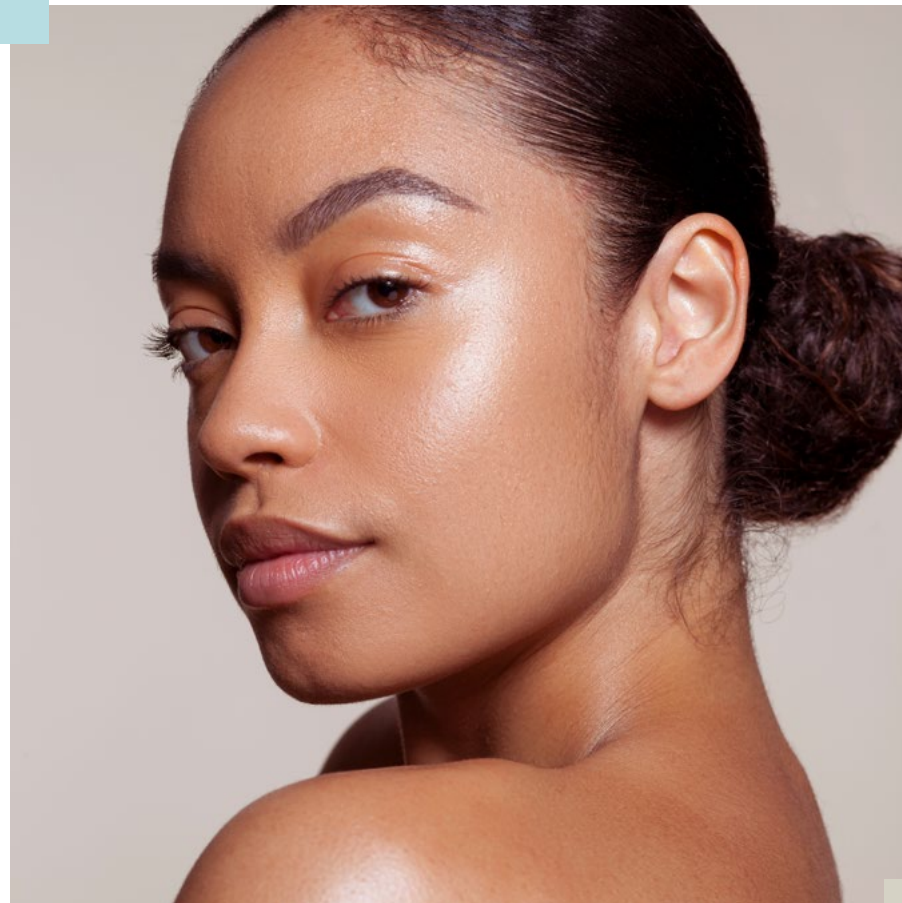

Pigmentation **45min** **R620**
This is a medium-depth salicylic acid-based peel. This is a used in the treatment of hyperpigmentation and photo-damage. Salicylic acid also has the added benefit of being extremely anti-inflammatory to skin that assist inflammatory acne & scarring.

Acne **45min** **R690**
Salicylic acid is derived from the bark of a willow tree. This treatment is specifically to be effective at removing comedones (black and whiteheads) and congestion. It's also extremely anti-inflammatory and calms aggressive inflammatory reactions in inflammatory acne.

Age Correction **45min** **R740**
This glycolic acid-based peel is used in the treatment of Ageing and Aged skin & the management of skin that shows signs of photo ageing.

Add On - Retinol Serum **R80**
This 0.3% Retinol serum can be added on to any of the Lamelle superficial chemical peels or micro-needling treatments to step it up and increase results. This lipid soluble, stable retinol delivery solution is combined to give more flaking or peeling effects.

Add On - Growth Factor Mask **R180**
This cosmeceutical sheet mask contains a high concentration of active ingredients that include 3 different types of growth factors, aloe extract, which hazel, arbutin, hydrolysed collagen, panthenol and hyaluronic acid. It can be added after any facial, chemical peel or needling treatment. It gives a calming and cooling effect on the skin as these treatments may cause irritation. It assists in healing and recovery through intensive cellular stimulation and regeneration.
